4355 Head Sold

USDA Report: Compared to two weeks ago; steer and heifer calves traded 5.00 to 9.00 higher. A very active market today from start to finish on both load lots and package trade. The offering today consisted of both weaned calves and calves right off the cow. With an active market there was not alot of difference in price to whether they were weaned or bawling. Nice offering today with again a very active market. Supply included: 100% Feeder Cattle (50% Steers, 50% Heifers). Feeder cattle supply over 600 lbs was 40%.
