

Sale Date: **Friday, April 24th, 2026**

Sale: **Bred Cow/Pair Special**

Head Sold: **2476**

Compared to the last bred female sale two weeks ago, all sales sold with a higher undertone. Demand was good from start to finish from a good size crowd of in-house buyers along with an active internet bidding throughout the day. Bulk of the run was black hided cows with some reds and a handful of Charolais cows in the run. Few of the bred heifers were AI'd bred with most being bull bred. Most offerings were on a full vaccination programs and most had been poured. Some had received their first scour guard shot. This was the last scheduled Monday sale of the winter. Supply included: 12% Slaughter Cattle (100% Cows); 88% Replacement Cattle (57% Bred Cows, 43% Bred Heifers)
