

TORRINGTON LIVESTOCK MARKETS

BRED COW TAGGING INFORMATION

Stockyards Vet Services processes all cows and heifers in our yards, unless otherwise announced. Breds are marketed to the best of the Vets ability. A percentage of the Vets judgement is determined by the size of the calf. The feed ration and the type of bull used will have some bearing on the size of the calf, thus the determination of calving time will fluctuate. When possible, we encourage you to use the calving dates represented by the seller.

AGE TAG

The information for what both cows and heifers are exposed to as well as calving dates and calving periods is from information provided to Torrington Livestock Markets by our consignors. Torrington Livestock is not responsible, nor do we make any guarantees about calving dates or bulls. Announcements at the time of sale will take priority over printed matter. Torrington Livestock Markets acts as agents only, any adjustments that should occur in regards to bulls, calving dates or calving periods are strictly between buyer and seller.

With Calving Ease & Short Gestation Bulls Buyers please be aware that some females could calve 5 to 15 days earlier than expected calving date.
