Sale: **Feeder Special**

Head Sold: **6593**

No trend this week with no feeder special last week; Several long strings of load lots today with extreme dry conditions throughout the area. Still an active market but lower undertones noted to recent weeks. Lots of class and quality all day long with several new buyers in the seats and a active internet. Overall the quality today with second to none with the majority being green and thin fleshed. Sale again in two weeks. Supply included: 100% Feeder Cattle (40% Steers, 60% Heifers). Feeder cattle supply over 600 lbs was 90%.
